Subject : Registration of our company as your vendor

Dear Sir,

We are pleased to introduce ourselves as **an ISO 9001:2008 certified company** involved in manufacture and supply of engineering machinery parts made accurately as per client's requirement i.e. drawings. We are well equipped with all necessary manufacturing facilities required to cater your complete requirement of precise fabrication and machining job work.

Our company, established in **1984**, has very good in-house setup, which makes us an expert in any kind of engineering fabrication & machining work.

We can fabricate variety of materials ranging from carbon steel to Corrosion resistant Steel and Aluminum using GMAW, GTAW & SMAW processes. We follow approved WPS & our welders are third party qualified as per ASME & EN formats. Our Machine Shop is capable to execute operations like planning & turning of medium to heavy size components.

We also offer professional painting services of corrosion resistance paint coating as per customers painting procedures.

Apart from Job-work i.e. OEM supply business, we are also active in designing and supply of Industrial Air Blowers and Conveyor Systems.

We request you to register us as a regular vendor/supplier in your company for fabrication and machining jobs. Please mail us your regular enquiries, which will receive our prompt attention.

We request and invite you to visit our workshop whenever possible.

Hoping to hear from your side at the earliest, we thank you in anticipation.

Yours faithfully,

For, AMAR FABRICATORS & ENGINEERS,

VIKESH PATEL
